

Text Support

5-Finger Strategies

1. Read the title.

Do I know anything about it?

2. Read the subtitles.

What do I think the connection is between this and the title?

3. Look at words that are bolded and italicized.

What are the connections?

4. Take a picture walk through the text.

What connections can I make?

5. Read the first and last paragraphs.

Does this help me with the big picture?
